

DECEMBER RULES REMINDER

Submitted by: Jeannie Zetterberg

Having recently attended a AWGA seminar, I thought I would share with you what determines an **unacceptable score** and **should not be posted**.

- fewer** than 7 holes are played
- played on a course in an **inactive season**; i.e., northern states during winter
- majority of holes **not played** under the Rules of Golf
- course is less than 3,000 yards for 18 holes or **less than 1,500 for 9 holes**
- restrictions on **types** or **number** of clubs allowed
- course with **no** USGA Course & Slope Rating
- non-conforming** clubs or balls (USGA lists these the 2nd Wednesday of each month)
- artificial device used during execution of swing (**Rule 14-3**)
